

Category: Floral and Floral-type Arrangements

NCA Standards:

1. All parts of the arrangement should be securely fastened to the medium base (ie: vase, wreath, hat, driftwood, etc.) and be of solid construction.
2. All mechanisms (i.e.: foam, wire, glue, pins, etc.) should be incorporated into the arrangement so as to not be visible.
3. All items should be completely finished on the bottom or back.
4. Arrangements should have no sharp, jagged, or broken edges or loose pins.
5. For arrangements with candles, a label must be attached advising consumers that floral material may be flammable.
