

Category: Candles

NCA Standards:

1. Only good quality beeswax, paraffin wax, or gels may be used.
2. Containers or holders may not have sharp, jagged or broken edges.
3. Accessories (i.e.: ribbons, lace, etc.) must not be frayed.
4. Containers must not be filled to more than 8 cm (1/4 inch) from the top.
5. Candles may not contain flammable materials (i.e.: potpourri).
6. Wicks with wire centres (with the exception of zinc wire) may not be used.
